PART I - FINANCIAL INFORMATION

Item 1. Financial Statements

Our financial statements included in this Form 10-Q are as follows:

- F- Balance Sheets as of April 30, 2014 and July 31, 2013 (unaudited);
1
- F- Statements of Operations for the three and nine months ended April 30, 2014 and April 30, 2013 and from Inception on March 2, 2007
2 through April 30, 2014 (unaudited);
- F- Statements of Cash Flows for the nine months ended April 30, 2014 and April 30, 2013 and from Inception on March 2, 2007 through April
3 30, 2014 (unaudited);
- F- Notes to Financial Statements.
4

These financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and the SEC instructions to Form 10-Q. In the opinion of management, all adjustments considered necessary for a fair presentation and for the financial statements to be not misleading have been included. Operating results for the interim period ended April 30, 2014 are not necessarily indicative of the results that can be expected for the full year.

GOLDSpan RESOURCES, INC.
(An Exploration Stage Company)
NOTES TO THE FINANCIAL STATEMENTS
APRIL 30, 2014

NOTE 1. CONDENSED FINANCIAL STATEMENTS

The accompanying financial statements have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations, and cash flows at April 30, 2014 and for all periods presented herein, and for them to be not misleading, have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted. It is suggested that these condensed financial statements be read in conjunction with the financial statements and notes thereto included in the Company's July 31, 2013 audited financial statements. The results of operations for the periods ended April 30, 2014 are not necessarily indicative of the operating results for the full year.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Recent Accounting Pronouncements

No recent accounting standards or interpretations issued or recently adopted are expected to have a material impact on the Company's financial position, operations or cash flows.

NOTE 3. GOING CONCERN

The accompanying financial statements are prepared using generally accepted accounting principles applicable to a going concern, which contemplates that the Company will continue in operation for the foreseeable future and will realize its assets and liquidate its liabilities in the normal course of business. However, the Company has no current source of revenue, recurring losses and a deficit accumulated during the exploration stage of \$1,778,674 as of April 30, 2014. These factors, among others, raise substantial doubt about the Company's ability to continue as a going concern. Management plans on raising cash from public or private debt or equity financing, on an as-needed basis and in the longer term, revenues from the acquisition, exploration and development of mineral interests, if found. The Company's ability to continue as a going concern is dependent on these additional cash financings and, ultimately, upon achieving profitable operations through the development of mineral interests. The successful outcome of future activities cannot be determined at this time. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTE 4. SUBSEQUENT EVENTS

In accordance with ASC 855-10, the Company's management has analyzed its operations through the date on which the financial statements were issued, and has determined it does not have any material subsequent events to disclose other than those discussed above.

Item 2. Management’s Discussion and Analysis or Plan of Operation

Forward-Looking Statements

Certain statements, other than purely historical information, including estimates, projections, statements relating to our business plans, objectives, and expected operating results, and the assumptions upon which those statements are based, are “forward-looking statements” Forward-looking statements are based on current expectations and assumptions that are subject to risks and uncertainties which may cause actual results to differ materially from the forward-looking statements. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Factors which could have a material adverse affect on our operations and future prospects on a consolidated basis include, but are not limited to: changes in economic conditions, legislative/regulatory changes, availability of capital, interest rates, competition, and generally accepted accounting principles. These risks and uncertainties should also be considered in evaluating forward-looking statements and undue reliance should not be placed on such statements.

Company Overview and Plan of Operations

We were incorporated on March 2, 2007, under the laws of the state of Nevada.

We have entered into various agreements that would provide for the mining rights for gold prospects. Among those agreements was a project known as the Golden Zone Property. We entered into a non-binding letter of intent with Alix Resources Corp. (“Alix”) for the potential purchase of an option to acquire a 60% ownership interest in certain mineral properties located in the State of Alaska (the “Property”). There were numerous extensions to the option agreement, including extensions involving the payment of stock and cash, however there was not sufficient funds available to us to comply with the option terms and conditions and the option has been cancelled with no further liability to us.

Expected Changes In Number of Employees, Plant, and Equipment

We do not have plans to purchase any physical plant or any significant equipment or to change the number of our employees during the next twelve months.

Results of Operations for the three and nine months ended April 30, 2014 and 2013

We did not earn any revenues from inception on March 2, 2007 through the period ending April 30, 2014. We can provide no assurance that we will produce significant revenues in the future, or, if revenues are earned, that we will be profitable.

We incurred operating expenses of \$1,764,703 and net losses in the amount of \$1,778,674 from our inception on March 2, 2007 through the period ending April 30, 2014. We had no operating income for the three months ended April 30, 2014. We incurred operating expenses in the amount of \$4,177 during the three months ended April 30, 2014. These expenses consisted of accounting fees of \$3,000, legal fees of \$406, license fees of \$475, transfer agent fees of \$290 and bank fees of \$6.

By way of comparison we incurred operating expenses in the amount of \$209,787 and a net loss in the amount of \$212,419 during the three months ended April 30, 2013. These expenses included accounting fees of \$1,750, investor relations services of \$167,500, legal fees of \$15,700, management fees of \$15,000, an option loss for a forfeited land deposit of \$5,000, interest expense of \$2,632 and other costs in the amount of \$4,837.

We incurred operating expenses of \$24,592 and a net loss of \$32,842 for the nine months ended April 30, 2014 which included accounting fees of \$12,000, auditing fees of \$8,750, legal fees of \$2,931, bank fees of \$91, transfer agent fees of \$290, license fees of \$475 and office expenses of \$53. By way of comparison we had operating expenses of \$494,299 and a net loss of \$498,274 for the nine months ended April 30, 2013 which included accounting fees of \$8,550, auditing fees of \$6,250, investor relations of \$182,245, legal fees of \$27,561, Management fees of \$96,664, an option fee of \$160,000, loss for a good faith deposit of \$5,000 (classified as an option fee), and other costs in the amount of \$8,029.

Liquidity and Capital Resources

As of April 30, 2014, we had cash of \$7 and a working capital deficit of \$263,892. We do not have any formal commitments or arrangements for the sales of stock or the advancement or loan of funds at this time. There can be no assurance that such additional financing will be available to us on acceptable terms, or at all.

We have not attained profitable operations and may be dependent upon obtaining financing to pursue a long-term business plan.

Off Balance Sheet Arrangements

As of April 30, 2014, there were no off balance sheet arrangements.

Going Concern

Our financial statements have been prepared on a going concern basis. As of April 30, 2014 we had a working capital deficit of \$263,892 and an accumulated deficit of \$1,778,674 since inception. Our ability to continue as a going concern is dependent upon our ability to generate profitable operations in the future and/or to obtain the necessary financing to meet our obligations and repay our liabilities arising from normal business operations when they come due. The outcome of these matters cannot be predicted with any certainty at this time. These factors raise substantial doubt that we will be able to continue as a going concern. Management plans to continue to provide for our capital needs by the issuance of common stock and related party advances.

Critical Accounting Policies

In December 2001, the SEC requested that all registrants list their most “critical accounting policies” in the Management Discussion and Analysis. The SEC indicated that a “critical accounting policy” is one which is both important to the portrayal of a company’s financial condition and results, and requires management’s most difficult, subjective or complex judgments, often as a result of the need to make estimates about the effect of matters that are inherently uncertain. We do not believe that any accounting policies fit this definition for our company.

Recently Issued Accounting Pronouncements

No recent accounting standards or interpretations issued or recently adopted are expected to have a material impact on the Company’s financial position, operations or cash flows.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

A smaller reporting company is not required to provide the information required by this Item.

Item 4T. Controls and Procedures

We carried out an evaluation of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) as of April 30, 2014. This evaluation was carried out under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer. Based upon that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that, as of April 30, 2014, our disclosure controls and procedures were not effective. There have been no changes in our internal controls over financial reporting during the quarter ended April 30, 2014.

Management determined that the material weaknesses that resulted in controls being ineffective are primarily due to lack of resources and number of employees. Material weaknesses exist in the segregation of duties required for effective controls and various reconciliation and control procedures not regularly performed due to the lack of staff and resources.

Disclosure controls and procedures are controls and other procedures that are designed to ensure that information required to be disclosed in our reports filed or submitted under the Exchange Act are recorded, processed, summarized and reported, within the time periods specified in the SEC’s rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in our reports filed under the Exchange Act is accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

Limitations on the Effectiveness of Internal Controls

Our management does not expect that our disclosure controls and procedures or our internal control over financial reporting will necessarily prevent all fraud and material error. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management override of the internal control. The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions. Over time, control may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

We are not a party to any pending legal proceeding. We are not aware of any pending legal proceeding to which any of our officers, directors, or any beneficial holders of 5% or more of our voting securities are adverse to us or have a material interest adverse to us.

Item 1A. Risk Factors

A smaller reporting company is not required to provide the information required by this Item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

None

Item 3. Defaults upon Senior Securities

None

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

None

Item 6. Exhibits

CERTIFICATIONS

I, Phillip Allen, certify that;

1. I have reviewed this quarterly report on Form 10-Q for the quarter ended April 30, 2014 of Goldspan Resources, Inc. (the “registrant”);
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant’s other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - a. Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b. Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c. Evaluated the effectiveness of the registrant’s disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d. Disclosed in this report any change in the registrant’s internal control over financial reporting that occurred during the registrant’s most recent fiscal quarter (the registrant’s fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant’s internal control over financial reporting; and
5. The registrant’s other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant’s auditors and the audit committee of the registrant’s board of directors (or persons performing the equivalent functions):
 - a. All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant’s ability to record, process, summarize and report financial information; and
 - b. Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant’s internal control over financial reporting.
